Using the TimeHop App

06.25.2015

|iOS 4 - iOS 9|

iPhone Store

Step 1 - Download TimeHop

Go to the Appstore, get the app and install it.

Step 3 - Integrate with Social Networks

If you have iOS 6 and above, there is a native Facebook integration of TimeHop already in place for you. Do this with a simple tap. You can also hook up the app with Twitter, Instagram, Flickr and FourSquare.

Step 4 - Download TimeHop Sync

This is an extra app from TimeHop which enables you to sync your photos across devices automatically and frequently.
